NARRATIVE

Officer Cole was dispatched to 608 East Ellen Street in reference to a B&E report. Officer Cole made contact with the victim Robert Green who stated he has recently spent some time in the hospital do to some medical issues and when he returned home their was a lock box on his front door. The victim stated he is in the process of re-structuring his loan and when he contacted the bank they accidently sent a company called Five Brothers to his house to close it up for the winter. Five Brothers confirmed the error and gave him the code to open the lock box to get into his residence. Upon gaining entry into his house he discovered that his house had been ransacked and all of his belongings had been gone through and several items had been stolen. Green eventually provided Officer Cole with a list of the items stolen. Green stated he could not be sure exactly where every item was. He stated that the stolen items were in the living room, master bedroom, and garage.

Officer Cole contacted Becky Thomas of Five Brothers and she stated that US Bank Minnesota contracted them to secure and winterize 608 Ellen Street. Thomas stated that Five Brothers then contracted Diverse Properties to complete the securing and winterizing. Officer Cole contacted Divers property who stated they contracted A&E Lawn Care to complete the work order. A&E Lawn Care is owned and run by Richard Angelo Vazquez, who supplied a written statement about the allegations of stolen items. Officer Cole also spoke with Vasquez on the phone and he stated that neither himself nor Alonzo took any items out of the residence. Officer Cole received a phone number for Alonzo Olivarez from Vazquez, but the number was disconnected and Mr. Vazquez did not have any other numbers for him.

02/13/14 Officer Cole attempted to contact Becky Thomas from Five Brothers who is investigating the allegations and left a message. Officer Cole had spoke with her and Angee Dawson on a previous occasion about the incident.

As of 02/17/14 Officer Cole has not received any phone messages or email messages from 5 Brothers investigator Becky Thomas.

As of 02/20/14 Officer Cole still has not received any information back from 5 brothers. Officer Cole contacted the possible suspect Vasquez, who has already provided a written statement. Vasquez will be emailing the pictures of the residence as taken per standard operating procedure for these types of contracts.

On 02/20/14 Officer Cole contacted victim Green via telephone and he stated that no one from 5 Brothers has contacted him. He stated that last time he spoke with them was the day of the incident.

As of 02/24/14 Officer Cole has not received any information from 5 brothers on their half of the investigation. Officer Cole has attempted to call their investigator Becky Thomas several times with no call backs.

On 03/03/14 Becky Thomas responded back to Officer Cole via email and stated that she was transferring the complaint to corporate after receiving Greens list of items and replacement cost of $91,937. Officer Cole is placing this list of items Becky Thomas received in the case folder.

STATEMENT OF DAWSON

Dawson is the owner of Diverse Property and contracted Vasquez to winterize and change the locks at the before mentioned address. Dawson was asked by Officer Cole if she ever had any similar complaints or issues with Vasquez and she said never. She stated that he had been working for her for a couple years and has never had an issue with Vazquez. Dawson stated she would email the written statement Vasquez gave her reference the accusations that arose. Officer Cole asked Dawson how her company got involved and she stated that Five Brothers contracted her company to complete the work.

WRITTEN STATEMENT OF SUSPECT

Officer Cole received a written statement from Diverse Properties that the suspect Angelo Vasquez wrote about the allegations of him stealing property from 608 East Ellen Street.

The letter read: My name is Angelo Vasquez, I am the owner of A&E Lawn Care. I received work order #46812 on January 14th, 2014 to be performed at 608 Ellen Dr. in Fenton, Michigan.. An employee of mine, Alonzo Olivarez and I arrived at the home at 1:33pm. Upon arrival we noticed that the driveway had been plowed, therefore we suspect the home may be occupied. We proceeded to approach the property to verify occupancy. We did not get an answer at the door and we were unable to look inside the home through the windows. At this time we inspected the exterior of the property and we were still unable to verify occupancy. I proceeded to break the lock on the front door because it was the only door we could gain access through. Once we entered the home we determine that there was a possibility that the home was indeed occupied. At this time Al called the office and spoke with Tom to make sure we had the correct address and to verify if the home was supposed to be occupied or not. Tom checked the address and described the home to confirm we were at the correct address. Address was correct and the home matched the description. I informed Tom that the home had personals and appeared occupied. He then instructed me to proceed with the work order.

Alonzo and I entered the home and proceeded to complete a lock change, installed a lock box, completed a winterization and took photos of the entire interior and exterior of the home. We were the only ones inside the home and we did not remove any personals. We took photos of all personals that were in plain view, however we did open some kitchen cabinets to confirm signs of occupancy and to place the old lock in the kitchen drawer as instructed.

I was mainly taking the photos as Alonzo completed most of the tasks at hand. I was the one that broke the lock off to gain access to the property. I then prepared the new locks that were to be installed and placed old locks in the kitchen drawer. I continued to photograph all the rooms in the home while Alonzo changed the locks. I assisted Alonzo with the winterization and continued to complete inspecting the home.

I was told that we damaged some towels and carpets with blue dye from the toilet. I do not remember placing any towels to clean up the blue water from the toilet. While draining the toilet with the blue dye my suction gun was leaking so I pointed it towards a small trash can next to the toilet and that is how the trash got blue water stains, there was not a towel in the trash can. That is also how the floor and the wall were stained and I will admit that we may have forgotten to clean it up.

I was also told that water spilled in the basement caused by removing the water meter. The water meter must remain on while pressure testing. After winterization is complete, the water meter is removed and a small amount of water might rush out due to the pressure of the winterization. As shown in our photos, that is exactly what happened when Alonzo removed the water meter but it is clear in the photos that is was a small amount that splashed on the wall and floor. The water was turned off and the meter was removed, there is absolutely no way anymore water spilled into the basement.

Lastly, we were told that some personals were missing from the home. I have been in business for 14 years, I work for 2 other property preservation companies and I can assure you that I know the risks of removing personals without a work order. This home appeared occupied, that is why we did not make any attempt to even disturb anything in the home while photographing it, besides what needed to be touched. I don't know if this is a tactic by the homeowner to make an unlawful claim or because he is upset that we entered the home.

I assure you that neither one of us took anything from that home. We take full responsibility for the spilled water from the water meter and the blue dye on the bathroom carpet and wall but we did not touch nor remove any personals from the home. I am also attaching a time line, indicating the timely manner in which the work order was completed.

Please TOT detectives

CR No: 140000859-002 Written By: FNRAUCHD (00063) Date: 03/14/2014 12:39 PM

Information:

On March 24, 2014 I Det. Rauch spoke to Mr. Robert Greene and his son Desmond Greene at the City of Fenton Police Department in regards to this incident. Mr. Robert Greene and son Desmond were asked to supply any sort of identifying documentation for the items they had reported as stolen. I requested items such as receipts; manuals and serial numbers in order to have said items entered into LEIN as stolen. I informed both individuals that some sort of the aforemeniton identifying mechanisms was needed in order to properly identify the item for recovery purposes. Both individuals stated that they did not have supporting documentation at this time.

Mr. Robert Greene stated that he had left his residence the day before A&E Lawn Care came into his home to winterize it. Greene said that all of the items on his list were in his home upon his last time at said residence. Mr. Desmond Greene stated that he had spoke to Five Brothers on the day of A&E Lawncare showing up and an Unidentified W/M had told him to place a chair near the front door because that showed occupancy, and a winterizing crew would not go in the house if a house was occupied. I asked Mr. Desmond Greene to get me the name of that person for purposes of verifying his statement in regards to him being at the house, with all his belongings in it, just prior to a work crew showing up and gaining entry.

Upon continuing our conversation both persons were very angry at Five Brothers for allowing a work crew to come into their house after they were told that one would not be. I asked Mr. Robert Greene about the initial discrepancy of the original amount reported as stolen to Officer Cole and the later reported to Five Brothers totally $91,934. Mr. Robert Greene stated that most of the items were not discovered missing until a through inventory of taken of his residence after Officer Cole left.

Mr. Desmond Green stated that he believes the work crew from A&E Lawncare took the pictures that they did after they took all of the items from his residence. I told Mr. Greene that he pictures forwarded to this Det. Rauch by Mr. Vasquez were time stamped and very detailed. I also told Mr. Greene that I only saw (1) guitar in the pictures taken by Vasquez and no Xbox Gaming systems. Mr. Desmond Greene said that when he came home to make his report to Officer Cole his home had been ransacked.

INSURANCE INFORMATION:

On March 28, 2014 I Det. Rauch received a phonecall from Liberty Mutual Insurance Investigator Derek W. Maki. Mr. Maki stated that Mr. Robert Greene had called recently to report a theft at his residence and stated that after speaking with me that he decided to call his insurance company to report said incident. Mr. Maki gave this Det. Rauch his contact info and Complaint Number: 028950455.

AFIS Information:

On April 5, 2014 Mr. Desmond Greene dropped off a plastic bag containing several empty Plastic Gaming Boxes he stated were strewn about when his house was ransacked. On April 8, 2014 I Det. Rauch took said items to the AFIS Laboratory to have said items tested for latent prints. On April 9, 2014 the results of said examination were faxed to this Detective with Nil Results.

On 4/24/14 said items were picked up from the AFIS lab and returned to the City of Fenton Police Department. A phone message was left for Mr. Desmond Greene to pick up said items. Said items were then placed into an evidence locker for submittal into the Evidence Room.

CR No: 140000859

Case Disposition:

After speaking to all parties involved and with no property documentation supplied by the Greenes I Det. Rauch will Close this case due to lack of the necessary information needed to track down the reported stolen items. Also, according to Five Brothers Mr. Vasquez has been in use by their company for approximately 10 years and has never had a complaint filed against him, or his company. At this time there are no further suspects.

Investigative Notes:

3/10/14: Assigned Case & Message Left for Victim to contact DB. 3/11/14: Follow-up w/ Insurance / Bank Rep Company 3/13/14: Meeting setup w/complainant for 3/17 Cancelled by Mr. Green.
